

## INTERESTED IN HELPING PRESERVE GREYSTONE?

Preserve Greystone is a group of committed citizens from all walks of life and all points on the political spectrum who are united in our concern for the preservation of the historic Greystone hospital and the priceless open space that surrounds it. If you are interested in joining us, please let us know!

Preserve Greystone welcomes all volunteers, but we have an immediate and special need for people with fundraising, grant writing, engineering, public relations, community activism/organizing or clerical skills, and for those with backgrounds in open space/historic preservation and adaptive reuse.
